

“Sahasrara was definitely opened and
Mother had to do it...”

“They had a big meeting in the
heavens, all the thirty-five crores of
gods, the deities, were there present to
decide what is to be done.”

“Sahasrar, the word ‘sahasra’ in
Sanskrit language, means one thousand.
And there are one thousand petals
in our brain which get enlightened.”

“It is a very unique thing that has happened
that your Sahasraras were opened out.”
