Good morning,

This is a email to give you some information about Thursday 19th December 2019 as we have seen Your YouTube video about your wonderful property

The Alpine/Aylmerton Rural fire brigade arrived at your property at Balmoral as the fire was just impacting it, at this point the shed at the front was already alight with a large number of spot fires around the building's

Our tanker and Pumper got to work to protect everything we could, I would like to say that the preparation that you had done, with buckets of water around the property allowed us to use them to extinguish a number of spot fire's
