**About the State Seminars:** Due to the ongoing and often changing virus travel restrictions, for our national seminars, the Councillors of the hosting state will determine whether inviting yogis from inter-state is allowed and if so whether a limit has to be placed on numbers who are allowed to attend. Yogis will need to make their own decision as to whether they wish to attend based on the travel restrictions in place at the time in their state and the state they travel to. Hopefully with the vaccine roll-outs, we can all begin to travel with more confidence as the year progresses.
